

TERM-SEAL PHYSICAL TERMITE SYSTEMS

The revolution Continues

**TERM-SEAL PRODUCTS ARE
DESIGNED TO COME TOGETHER TO
MEET ANY BUILT ENVIRONMENT
SCENARIO....NOT RELYING ON JUST
ONE PRODUCT TO DO THE JOB**

TERM-seal products and systems are:

- Code Mark certified with all relevant code and Standards compliances
- Carry a 50 year product warranty
- Installed by trained and supported specialists

TERM-SEAL SYSTEMS COMPONENTS

- Over the last 12 years TERM-seal has researched and developed 5 main products that are specifically engineered to perform in a number of ways in buildings as long term, combined, termite, damp-course or waterproof solutions.
- Key issues in termite proofing is to deprive the termites of water and moisture as part of a termite system.
- TERM-seal Products contain Bifenthrin as the active constituent that kills and repels termites.

TERM-SEAL SYSTEMS

◎ TERM-seal Ant Capping System

TERM-seal treated strips (PRM), Sealant and Multi-Purpose Coating come together to form a highly effective termite and damp-course system for bearer and joist type construction

TERM-SEAL SYSTEMS

◉ TERM-seal Penetration Protection

TERM-seal penetration collars and TERM-seal sealant are used to protect penetrations through slabs, retro-fit or odd sizes and clusters

TERM-SEAL SYSTEMS

◎ TERM-seal Ura-Fen Active Perimeter System

Our unique Ura-Fen Active, PRM brick cord protection and Multi-Purpose coating comes together to form a premium perimeter barrier.

TERM-SEAL SYSTEMS

◉ TERM-seal Ura-Fen Shield TWB

(Termite and Waterproof Barrier)

Ura-Fen Shield is a unique, tri-layer termite barrier with the bifenthrin locked into the plastic material. Approved as a termite/damp-course barrier for cavities or full under-slab termite/vapour barrier.

TERM-SEAL SYSTEMS

- ◎ Multi-Purpose Coatings and Sealants for Termite, damp-coarse and water-proofing solutions

TERM-SEAL SYSTEMS CREDENTIALS

- ◉ Complies to BCA, Code-Mark Certified Products and Systems
- ◉ Penetration protection and perimeter Systems comply to A.S.3660.1
- ◉ Ura-Fen Shield full under-slab termite/vapour barrier is installed to meet A.S. 3660.1 and A.S. 2870-2000
- ◉ Installers fully trained, supported and Insured.
- ◉ TERM-seal products are fully warranted for 50 years
